TAPES  
FOR RESTRICTED  
TANK APPLICATIONS**

## 1 LITER SAMPLER

Model No. 1LTR-2.5X10LG

## 1/2 LITER SAMPLER

Model No. 1/2LTR-1.625X18

**MMC**

Nothing but the best.

# FLEXI-DIP™

## SAMPLING TAPES FOR RESTRICTED TANK APPLICATIONS

MMC manufactures three sampling tapes for use with its range of vapor control valves. The model 2326R2562-100S9 is used with 4-inch "S" valves and 3-inch Mini "S" valves. The model 2326R2562-10018 is used with "A," "B," Micro "B" (MB), "U" and "U/B" valves. The model 2326R2562-10018M is used for the 1-1/2 inch Mini Micro "B" (MMB) and C38 valves. Each Flexi-Dip sampling system comes complete with tape, snap hook, specified sampler, brass sounding bob and appropriate vapor valve storage tube.

MMC manufactures a complete line of stainless steel zone samplers. Our model 1LTR-3.5X10LG is 1 liter and for use with 4-inch "S" valves. The 1LTR-2.5X16LG sampler is for the 3-inch Mini "S" valve. Also available are two 1/2-liter models: 1/2LTR-1.625X18 for "A," "B," "MB," F50, C50, "U" and "UB" valves, and 1/3LTR-1.375X18 for "MMB" and C38 valves.

MMC also manufactures a complete line of bottom samplers.

### SPECIFICATIONS

#### ACCURACY OF TAPE READING:

+/- 1/8 inch (+/- 3mm)

#### APPLICATION:

R - Restricted sampling (1/3, 1/2 and 1 liter) through MMC vapor control valve (see below)

#### TAPE LENGTHS:

Dual marked 100ft/30m, 120ft/37m

#### TYPICAL WEIGHTS W/O SAMPLER:

(reel, frame, tape, etc.)

100ft/30m for 1 liter sampling

9 lbs (4.1 kg)

100ft/30m for 1/2 liter sampling

10 lbs (4.5 kg) w/o adaptor

#### SAMPLERS:

All stainless steel construction as standard (brass optional)

1 liter - 3.5 x 10 lg; 1 liter - 3.5 O.D. x 10 lg - 4-inch "S" valve

1 liter - 2.5 x 16 lg; 1 liter - 2.5 O.D. x 16 lg - 3-inch Mini "S" valve

1/2 liter - 1.625 x 18; 1/2 liter - 1.625 O.D. x 18 lg - "A," "B," "U," Micro "B," F50 and C50 valves

1/3 liter - 1.375 x 18; 1/3 liter - 1.375 O.D. x 18 lg - Mini-Micro "B" and C38 1-1/2-inch valves
